

PITCHDECK

2024 - 2025

WHAT IS KATANA INU?

Katana Inu is a MMO high-quality PC game with AAA graphics that blends crypto and NFTs with intense, fast-paced third-person sword and spell combat.

The focus is Fun2Play with a Play&Earn mechanism. Having Rankings, collecting rare NFTs, participating in Tournaments and playing in eSports leagues.

A Multichain Game, that want to attract web2 gamers and bring the mass adoption to Web3. We integrate 3D Models like Memes and Chains to bring value to web3.

GAMERS AROUND THE GLOBE

According to Newzoo's 2023 Global Games Market report, there were approximately 3.2 billion gamers worldwide in 2023. This number continues to grow steadily each year.

Fortnite: One of the most popular battle royale games, with hundreds of millions of players worldwide.

Apex Legends: A long-standing sandbox game with a massive player base, especially among younger demographics.
